

GRAND JURY NEARS END OF INQUIRY

So Far as Known the List of Witnesses Practically Has Been Exhausted.

PRIVATE DETECTIVES DOING SOME SLEUTHING

Maliciously Inaccurate Story of the Deserted News Called to Account.

Judging from the protracted sessions which the federal grand jury held Monday and Tuesday, and from the fact that there are few more known witnesses to appear, it is highly probable that an effort will be made to close the hearing of evidence in the Utah National bank case this week. But five witnesses were examined Tuesday. Of these, two were called in and out of the room two or three times. Almost the entire morning session was devoted to hearing the testimony of Frank I. Seifert, general manager of The Tribune.

The afternoon was evidently devoted to a study of the banking business and banking methods, for W. D. Fitzgerald, a son of one of the directors, and an officer of the Jordan bank at Brigham Junction, C. K. Nelson, son of former cashier Joseph Nelson, and an officer of the Jordan bank at Brigham Junction, C. C. Cummings, a banker of Ely, Nev., and Alonzo Hyde, a mining man, all testified before the jury. The son of Mr. Hyde has already appeared before the jury. Mr. Hyde was not in the jury room more than five or ten minutes.

The jury is supposed to have devoted some time to discussing certain phases of the case, for no witnesses were called at the beginning of the afternoon session. Mr. Hyde, Mr. Fitzgerald and Mr. Nelson were dismissed late in the afternoon. They received their witness fees Tuesday afternoon.

A peculiar feature connected with the bank case since it was made known is the great number of private detectives who have been working on the case. Many, apparently, have not been invited to investigate, taking it upon themselves to look into matters, with a view to securing one of the rewards offered at the time the robbery was made known.

REAL FACTS VERSUS DISTORTED IMAGINATION.

The Desert News published an alleged dispatch from Washington, D. C., yesterday, in which it was stated that United States District Attorney Booth some time ago attempted to interest the Treasury department in the investigation of the alleged Utah National bank robbery, and was turned down. It was also stated that Frank I. Seifert of The Tribune was called to the attention of the Treasury department officials, and was given to understand that the grand jury was investigating the case, and that he was dismissed with the suggestion that he could do more to unravel the mystery in Utah than in Washington.

The purpose of the article, which was malicious and wholly untrue, so far as Mr. Seifert is concerned, seems to be a part of a concerted plan of the Mormon-controlled press of Salt Lake City to discredit the attempt of The Tribune to bring to light the facts of the Utah National scandal.

Mr. Seifert was most cordially received by acting controller Kane. He stated to Mr. Kane that his visit was prompted by a suggestion of a newspaper friend of the acting controller that that department official would be glad to talk the matter over with Mr. Seifert on his proposed visit to Washington.

The only reference to the grand jury that was made by Mr. Seifert, in which he gave the treasury official the first knowledge he had that the grand jury was about to take the matter in hand, Mr. Kane showed deep interest in the affair, and expressed special regret that innocent men had become involved, and he stated that he believed it the duty of a newspaper to do all in its power to clear up such a mystery, in order that the innocent may be wholly vindicated.

Instead of discourtesy being shown the Salt Lake newspaper man, he was thanked for calling, and was assured that the department would do all in its power to assist in any effort to give to the public the facts.

Department officials at Washington do not treat their callers with discourtesy, such as the News would indicate, and the story of the News does the treasury officials an injustice that is without the slightest reason.

Another local newspaper states that a Tribune representative and former Chief of Police Sheets called on President McCormick some time ago to inquire if he would pay a reward for evidence. "That would tend to prove the guilt" of the bank robber. It is impossible that Mr. McCormick will verify this statement, so far as the representative of The Tribune is concerned.

ST. MARK'S HOSPITAL NURSES GRADUATED

Six Young Women Receive Their Diplomas From This Institution.

The thirteenth annual commencement exercises of St. Mark's hospital training school for nurses took place at St. Mark's cathedral at 8 o'clock Tuesday evening, when the six graduates, Misses Constance D. Vincent, Florence Williams, Alice Maud Young, Beatrice Irene Blood, M. Elizabeth Hoyle and M. Grayce Dobson, received their diplomas from Bishop Spaulding, who made a short address.

Dr. Philo E. Jones was the only speaker. After the exercises the young ladies gave a reception and dance at the Ladies' Literary clubhouse, which was prettily decorated in palms and carnations. The guests were received by Miss Fannie Lees, superintendent of the nurses, and a number of the committee of St. Mark's Hospital association, Mrs. Grant Smith, who was the founder of the training school, and Mrs. A. J. Gorham and Mrs. Oswald. An orchestra stationed behind a bank of palms furnished the music. Later dainty refreshments were served.

INTEREST INCREASES IN THE EISTEDDFOD

The number of inquiries concerning the details of the coming Eisteddfod to be held here the first three days of October, constantly received by John James, corresponding secretary of the Cambrian association, indicates a great deal of interest in the affair in all parts of the country.

Almost every day, marked copies of newspapers of the eastern cities are received with articles calling attention to the changes in different places are doing to prepare for the great event. A letter recently received from J. H. K. Martin, business manager of the Denver Choral society, tells of the preparation for the contest here and as a means of raising funds for the trip. Inquiries have been received recently from people in great Falls, White Pine county, Nevada, and from H. M. Edwards, Judge of the Forty-fifth Judicial court, Scranton, Pa. It is hoped to secure the services of Mr. Edwards, one of the adjudicators of the Eisteddfod.

\$100,000,000 BOND ISSUE AUTHORIZED

U. P. Stockholders, by Proxy, Vote to Mortgage Road for Enormous Sum.

\$50,000,000 WILL BE RESERVED FOR FUTURE

Intention of Company to Improve System and Acquire New Lines.

With as little ostentation as would accompany the purchase of a five-cent carton of popcorn, the stockholders of the Union Pacific railroad, at a meeting in the private office of the company, 201 South Main street, Tuesday voted by proxy to allow the board of directors to issue \$100,000,000 of bonds. Fifty millions of the issue will be secured by a first mortgage on 1656 miles of Union Pacific track, including the Leavenworth and Kansas and the Topeka and Northwestern, two roads, the recent acquisition of which by the Union Pacific was approved at the meeting. The remaining fifty millions will be reserved for issue under strictly guaranteed provisions, only for construction or acquisition of new lines and additions.

Large Holdings Represented.
About seventy-seven per cent of the common and preferred holdings of the company were represented by Vice-President W. D. Cornish, of the Union Pacific, Parley L. Williams, general counsel of the Oregon Short Line, and H. B. Taylor, of the Union Pacific, Alex. Miller, secretary of the Union Pacific, and Fred Knickerbocker, private secretary to W. H. Brainerd, vice-president and general manager of the Oregon Short Line, were present.

In compliance with the law, two hours were allowed for the casting of votes. Mr. Cornish, however, by proxy voting all shares represented in favor of the contemplated bond issue. At the conclusion of the meeting he said: "The result of the meeting will be sent at once to the board of directors in New York City for their action. I understand it, it is the intention of the Union Pacific to improve its present system and also to acquire one or two new lines. The matter is now in the hands of the directors, or will be in a few days."

Vice-President Cornish left for Los Angeles Tuesday night.

THROW DOWN GLOVE TO STRIKING REPAIRERS

Garage Proprietors Encounter No Difficulty in Filling Vacancies of Strikers.

But little change was noticeable Tuesday in the strike of the carriage, wagon and automobile workers, who went out Monday, demanding 50 cents a day additional. A few of the strikers have thought better of the situation, and have gone back to work, with the understanding that they will receive better pay than non-union men.

The majority of the employers say they are ready to acknowledge the agreement to pay a raise of 50 cents if the men can earn it, but as a large number of them are inexperienced and unable to earn as much as skilled workmen, the employers declare that they will not submit to the demand of the union.

The employers seem to be having no trouble in filling the vacancies. In many cases there were as many as six applicants for the same position, and the employers say if the strikers do not agree to accept the proposed terms within a few days, every vacancy will be filled by strikebreakers and non-union men.

RAILWAY VICTOR OVER RESIDENTS

Council Makes Concession to U. P. L. & R., and Turns Down Liberty Park Property Owners.

STREET NEAR BREATHING SPACE TO HAVE TRACKS

Space Between Property Line and Rails Will Be Considerably Lessened.

At Tuesday evening's special session of the City Council the hopes of the property owners on the east side of Liberty park who wanted the street widened between Ninth and Tenth South street were dashed to earth. The property owners desired the street widened, in order to prevent the Utah Light and Railway company from moving its present west track over to the east of its present east track, thereby lessening the distance between the property line and the east track. The matter has been before the municipal laws and streets committee for several weeks and the committee recommended in brief, that the tracks be placed in the center of a sixty-six foot street, which means that the property owners' street will be reduced to a narrow strip of land. The committee also recommended that the street be widened to a width of 100 feet, but that the tracks be placed in the center of the street, leaving a narrow strip of land on each side of the tracks. The committee also recommended that the street be widened to a width of 100 feet, but that the tracks be placed in the center of the street, leaving a narrow strip of land on each side of the tracks.

Considerable oratory was wasted during the discussion of the matter, but in the end, the report of the committee was adopted. Mr. Hodgson and Mr. Hall Utah a gallant fight to have the tracks moved nine feet to the west, but they were outvoted.

The street superintendent was instructed to keep the macadamized streets in repair and to report to the Council the cost of the needed repairs from time to time.

Petitions Referred.
The petition of T. S. Leeger Atkins that he be returned the sum of \$531, paid by him upon an alleged shortage in the poll tax collections in the street department, was referred to the City Attorney and Street Superintendent for a report.

The petition of James Gibson, former clerk of the Salt Lake Theater, for a free license to conduct a grocery store at 717 Second East street, was granted. The license committee, reporting upon a statement from the license assessor that the value of stock returned by the Penobscot Stationery company to the city club is a social concern, recommended that the company's application for license be returned for amendment. This recommendation was adopted.

The sum of \$430 which was owing to Jacob Ridenour, an employee of the cemetery department at the time of his death, was appropriated to the credit of Rock Mountain Lodge, No. 1, of which Mr. Ridenour was a member. Mr. Fernstrom introduced a resolution providing that no cement sidewalk be laid on the south side of Second South street, between Second and Third East street, until the property owners waive all claims for damages to the sidewalk.

Mr. Fernstrom stated that the city might be liable for damages from \$25,000 to \$50,000 otherwise.

Street Matters.
Mr. O'Donnell introduced a resolution instructing the Board of Public Works to advertise for bids for the construction of a water main from May 1 to November 23, 1908.

It was moved that East First South street be widened to a width of 100 feet, but that the tracks be placed in the center of the street, leaving a narrow strip of land on each side of the tracks. The committee also recommended that the street be widened to a width of 100 feet, but that the tracks be placed in the center of the street, leaving a narrow strip of land on each side of the tracks.

Mr. Martin and Mr. O'Donnell declared in favor of the resolution. The Council should be let by the Board of Public Works.

It is not thought that it will be necessary to quarantine the hotel.

Tuesday evening, Mr. Clark returned from town with Richard W. Young. He entered his home, but did not complain of any illness. Mr. Clark had a slight hemorrhage of the lungs a little later in the evening. Calling for and receiving a chair, upon which he seated himself, Mr. Clark's condition did not cause alarm. However, Dr. Richards, who lives one door east of the Clark residence, was called. Mr. Clark did not speak after Dr. Richards arrived. Dr. Richards stated that Mr. Clark continued to breathe for about five minutes after heart action had ceased.

Funeral arrangements have been made for the funeral. Several members of the family are out of the city. They are being notified, but no funeral arrangements have been made until they are heard from.
